§ 989.1 Purpose.

(a) This part implements the Air Force Environmental Impact Analysis Process and provides procedures for environmental impact analysis both

within the United States and abroad. Because the authority for, and rules governing, each aspect of the Environmental Impact Analysis Process differ depending on whether the action takes place in the United States or outside the United States, this part provides largely separate procedures for each type of action. Consequently, the main body of this part deals primarily with environmental impact analysis under the authority of the National Environmental Policy Act of 1969 (NEPA) (Public Law 91-190, 42 U.S.C. 4321-4347), while the primary procedures for environmental impact analysis of actions outside the United States in accordance with Executive Order 12114, Environmental Effects Abroad of Major Federal Actions, are contained in §§ 989.32 and 989.33.

(b) The procedures in this part are essential to achieve and maintain compliance with NEPA and the Council on Environmental Quality (CEQ) Regulations for Implementing the Procedural Provisions of the NEPA (40 CFR Parts 1500-1508, referred to as the "CEQ Regulations"). Further requirements are contained in 32 CFR Part 188 (Department of Defense Directive (DoDD) 6050.1, Environmental Effects in the United States of DoD Actions, July 30, 1979), and DoD Instruction 5000.2, Defense Acquisition Management Policies and Procedures, February 23, 1991, with Change 1¹ and Air Force Supplement 1, Acquisition Management Policies, 31 August 1993, with Change 1. To comply with NEPA and complete the EIAP, the CEQ Regulations and this part must be used together.

(c) Air Force activities abroad will comply with this part, Executive Order 12114, and 32 CFR Part 187 (DoDD 6050.7, Environmental Effects Abroad of Major Department of Defense Actions, March
